OUR MISSION

- Our mission is to provide a loving environment that nurtures children's educational development.
- The educational needs of every child are individually addressed to support balanced skill development.
- A full curriculum addresses the child developmental areas of fine and gross motor skills, social and emotional growth, cognitive skills and creativity.

We believe in treating each child as a unique and special individual and instill in them confidence to achieve their personal best. The Dorothy B. Long Wee Wisdom Preschool encourages all parents to be active learning partners with their children.
